COMPANY OVERVIEW

About Us

EBDaT Consultancy Limited is a registered evidence-based data and analytics firm specializing in research, consultancy, and data-driven solutions. Founded to bridge the gap between data collection and strategic decision-making, EBDA T provides statistical, economic, and technical insights tailored to client needs across public, private, and non-profit sectors.

We are driven by the belief that quality data fuels innovation, informs policy, and enhances organizational performance. Our multidisciplinary team blends expertise in Statistics, Economics, ICT, and Market Research to deliver actionable intelligence for growth and sustainability.

OUR PROCESS

We follow a structured, client-centered process to ensure precision, quality, and value at every stage:

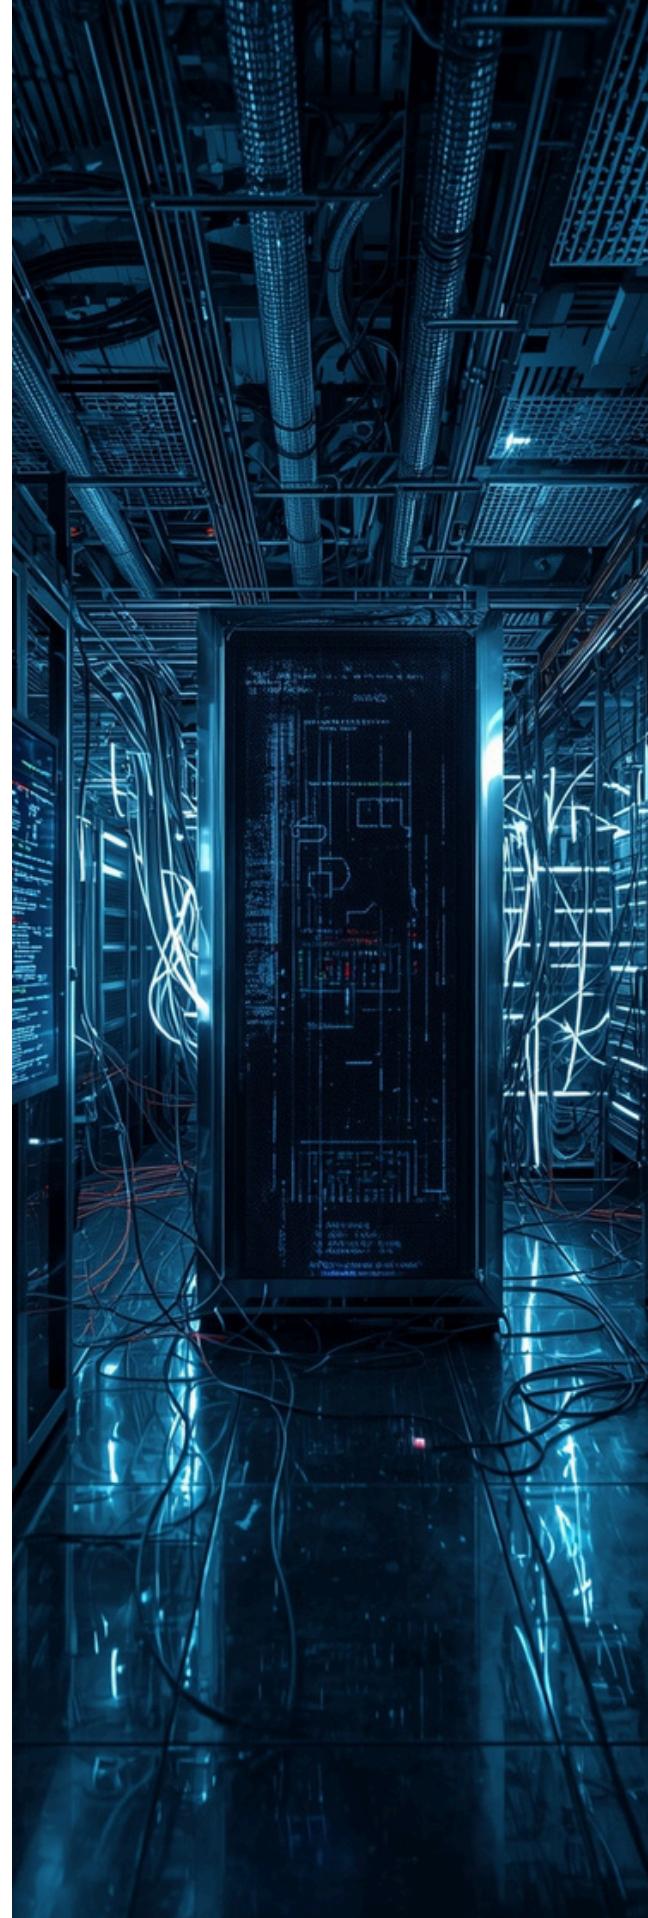

- 1. Needs Assessment** – Engage with clients to identify challenges and information gaps.
- 2. Research Design & Data Collection** – Apply rigorous methodologies for reliable evidence gathering.
- 3. Data Analysis & Interpretation** – Use advanced analytical tools to transform raw data into actionable insights.
- 4. Reporting & Recommendations** – Deliver clear, impactful reports and strategies aligned with client goals.
- 5. Implementation Support** – Provide advisory and training services to ensure effective uptake of findings

Mission

To provide high-quality, evidence-based consultancy and research services that empower organizations and communities to make informed decisions.

Vision

To be Africa's most trusted and innovative partner in evidence-based data analytics and consultancy.

COMPANY VALUES

Our work is guided by a commitment to:

- Integrity – Upholding the highest ethical standards in every engagement.
- Excellence – Delivering quality services that exceed client expectations.
- Innovation – Applying creative approaches and emerging technologies in research and analysis.
- Collaboration – Building strategic partnerships for greater impact.
- Accountability – Ensuring transparency and responsibility in our operations.
- Sustainability – Promoting solutions that support long-term growth and resilience.

WHAT WE DO

- Data-Driven Research & Analysis:** We conduct comprehensive social, economic, and market research, utilizing statistical modeling and predictive analytics to generate actionable insights from data.
- Performance Monitoring & Evaluation:** We provide end-to-end services to track, assess, and measure the effectiveness and impact of programs and projects.
- Technology & Digital Solutions:** We develop customized digital tools, including data collection platforms, interactive dashboards, and databases, to streamline data processes.
- Strategic Capacity & Advisory:** We enhance client capabilities through targeted training programs and offer evidence-based advisory services to inform policy and strategic planning.

WHY US

At EBDaT Consultancy, we don't just deliver data — we deliver clarity, confidence, and solutions. Our uniqueness lies in the way we transform complex information into actionable strategies that make a measurable difference.

What Makes Us Different

- **Evidence-First Approach** – Every recommendation is backed by robust data and rigorous analysis.
- **Multidisciplinary Expertise** – Our team combines skills in statistics, economics, ICT, and policy research, offering holistic solutions.
- **Customized Solutions** – We tailor our services to fit each client's specific context and challenges — no one-size-fits-all.
- **Cutting-Edge Tools** – We apply modern software, digital platforms, and innovative data methods for accuracy and efficiency.
- **Strong Ethics & Integrity** – We safeguard confidentiality, ensure compliance, and uphold the highest professional standards.
- **Impact-Oriented** – Our work goes beyond reports — we ensure findings translate into real change and measurable outcomes.

Our Promise

We promise to be your trusted partner in evidence-based decision-making, helping you minimize risks, optimize strategies, and maximize growth.

Partner with EBDaT Consultancy today — Driven by Data, Powered by Evidence — and let us turn your challenges into opportunities for success.

BUSINESS OVERVIEW

EBDaT Consultancy operates across multiple sectors, including agriculture, health, education, governance, and market systems. Our expertise lies in translating complex data into clear strategies that drive growth and positive impact.

Core Values

Integrity, Excellence, Innovation, Collaboration, Accountability, Sustainability.

Partners
